Simpolo®

A photograph of three modern, chrome-finished faucets displayed on light-colored, textured stone pedestals. The faucets are arranged in a row, with the tallest one in the center and two shorter ones on either side. The background is a plain, light-colored wall, and the lighting creates soft shadows on the surface.

About Us

Founded in 1977, The Simpolo Tiles & Bathware has established itself as a leader in the industry, driven by a commitment to innovation and a passion for simplicity. Over the years, we have grown into a brand recognized for exceptional quality and unique designs in the world of surfaces and bathware solutions.

At Simpolo, we curate collections that stand out for their uniqueness, appealing to those with a discerning eye for finer details and modern textures. We believe in the artistry, design, and dedication that go into creating each tile and bathware product. It's this commitment to craftsmanship and excellence that allows us to continually excel in the industry.

Our Philosophy

Every river has a story, of movement, strength, and purpose.

It carves its path with quiet persistence, shaping everything it touches. At Simpolo, our faucets draw from that same rhythm.

Each collection mirrors a river's nature.

Its grace in flow, its resilience in time, and its purity in motion.

Because like the rivers, true beauty lies not in what's seen, but in what endures beneath the surface.

Crafted with precision.
Defined by performance.
Trusted for life.

A high-end, polished chrome faucet is the central focus, set against a dark, textured background. The faucet has a sleek, modern design with a single-lever handle. Surrounding the faucet are various spa-related items: a stack of rolled-up grey towels in the top left, a small bowl of white bath salts with a wooden spoon in the bottom left, a bar of yellow soap in a dark soap dish, and some green leaves. In the top right, there are two small black bowls, one containing colorful beads and the other containing wooden sticks. The lighting is dramatic, highlighting the metallic sheen of the faucet and the textures of the surrounding objects.

Fortitude, lustre, and eminence.

The Tagus line radiates an extraordinary inner strength, born from the most rigorous selection of components. This tenacious aspiration to integrity translates into objects that consistently deliver on accuracy — exemplified by leak-proof technology and smooth water flow — as well as steadfastness, and enduring performance. This remarkable engineering prowess is mirrored in a design attitude equally sophisticated and discerning, which champions understated lines as an unparalleled hallmark of elegance and poise.

Essentiality, completeness, and balance.

The Ivalo line stands out for its advanced technological solutions, including the anti-leak system and smooth water flow, combined with easy maintenance and long-lasting performance ensured by high-quality components. Its design offers a fresh blend of straight lines and soft curves, creating a clean, balanced look. The result is a reliable range that brings together the simplicity of Nordic design with an exotic touch.

Reliability and durability to customize bathrooms with a touch of European style.

A collection of material samples including wood, stone, fabric, and a faucet. The samples are arranged on a light-colored background. There are two pieces of wood (one dark, one light), a piece of green fabric, a piece of white stone with black speckles, a piece of white stone with a hole, a piece of white stone with a hole, a piece of white stone with a hole, and a black faucet. The faucet is a tall, modern, black faucet with a curved spout. The background is a light-colored, textured surface.
